REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Instant independent claims 1 and 24 are allowable over the prior art of record by claiming a method and system for acoustically sounding air by transmitting a coded acoustic chirp having a duration of at least 300 ms down-range. The use of such a duration allows the device to listen while sending and thus avoids the need to limit pulse length to secure near-range capability.

The dependent claims are allowable for the same reasons as given for the above independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
